JOIN THE FIGHT AGAINST CANCER

Our research needs your samples!

Cheek Swab Kit Request Form

If you have a dog belonging to one of the breeds listed below, and your dog is affected by one of the cancers listed **OR** is at least 7 years old and is free from cancer, we would like to receive a sample from your dog.

Breed	Cancer(s)
Boxer	Glioma, lymphoma, mast cell tumour
Bullmastiff	Lymphoma
German Shepherd Dog	Haemangiosarcoma, melanoma
Golden Retriever	Mast cell tumour, melanoma, soft tissue sarcoma
Great Dane	Osteosarcoma
Greyhound	Osteosarcoma
Irish Wolfhound	Osteosarcoma
Labrador Retriever	Mast cell tumour, melanoma, soft tissue sarcoma
Leonberger	Osteosarcoma
Rottweiler	Histiocytic sarcoma, osteosarcoma
Shar Pei	Mast cell tumour
Weimaraner	Mast cell tumour

Please complete the form below (using Microsoft Word) and return it to us, and we will send you a cheek swab kit (*includes instructions*) that you can use to collect a sample from inside your dog's mouth.

Please note that when submitting cheek swabs:

- We will ask you to sign a consent form to give us permission to keep the swabs and use them for research
- We will ask you to send (*if possible*) your dog's 5 generation pedigree with the cheek swabs
- If your dog is affected by cancer, and your vet surgically removed a biopsy of the tumour for examination by a pathologist, we will ask you to send a copy of the pathologist's report with the cheek swabs. (Your vet should be able to provide you with a copy of the pathologist's report)

Name:
